

EXECUTIVE DIRECTOR

ABOUT NEW BEGINNINGS

Founded in 1976 as Seattle’s first organization dedicated to ending domestic violence, New Beginnings is a leading force in the movement to end domestic abuse and empower survivors.

New Beginnings works to help survivors at any stage in their journey, whether they are living with their abuser, preparing to leave, or need additional supports to heal after establishing independence. With this focus on the needs of survivors, New Beginnings takes pride in being at the forefront of developing innovative programs to support better outcomes for adults and children, creating early interventions to break the cycle of abuse for the next generation, and adapting programs to meet evolving 21st century needs.

Current programs include community-based individual advocacy and support groups; legal advocacy and clinics; children’s services; mental health therapy; bridge housing; rapid rehousing; Technology Enabled Coercive Control (TECC) Clinic; community education and professional training; teen dating abuse prevention education; and a 24/7 centralized help line, DVHopeline, for King County.

New Beginnings believes that everyone has the right to live free of oppression, to receive the same opportunities as others, and to exercise their own personal choice. The organization’s roots in the feminist movement inform these beliefs.

This vision is formed by a commitment to seven core values:

- **Trauma Sensitivity:** striving to validate the experiences of both adults and children by providing services to them through a trauma-informed lens.
- **Peace:** opposing the use of violence or manipulation in any form, especially as a means of control over others.
